ORBIQ

ENVIRONMENTAL INTELLIGENCE SERVICES FZ-LLC

CAPABILITY STATEMENT

EPDA RAK Registered Environmental Consultant
Reg. No. **C2600010**

One partner. Every stage.

SMARTER COMPLIANCE. SUSTAINABLE GROWTH.

An environmental consultancy based in Ras Al Khaimah. One accountable expert team takes you from the first site survey to approval, monitoring and every renewal that follows.

Environmental services — from initiation to completion

1 Initiation
Site survey · scoping · compliance gap check · environmental due diligence

2 Studies
EIA · ESIA · SEA · baseline surveys · environmental risk assessment

3 Approvals
EPDA permits and NOCs · authority submissions · response to comments · renewals

4 Management Plans
EMP · CEMP · OEMP · waste and hazardous waste plans · mangrove management

5 Monitoring
Ambient and indoor air · stack emissions · noise · water and wastewater · groundwater · soil · marine

6 Compliance & Sustainability
Environmental audits · legal registers · ISO 14001 readiness · carbon footprint · ESG and net zero

ANNUAL MAINTENANCE CONTRACTS (AMC)

Compliance all year, not once a year.

Monitoring, audits, permit renewals and expiry tracking, managed for you.

BASIC
Annual monitoring and compliance audit.

STANDARD
Quarterly monitoring, permit renewals and regulatory updates.

PREMIUM
Monthly monitoring, proactive tracking, priority response and annual review.

Expert team

Multidisciplinary experts with project experience in the UAE and internationally.

- EIA / ESIA and environmental management plans
- Ecology, biodiversity and marine baseline
- Geology, hydrogeology and geochemistry
- Soil and site investigation
- GIS mapping and spatial analysis
- Environmental audits and pollution control
- Civil engineering and site inspection
- Mechanical, MEP and HVAC engineering
- Waste and chemical management
- Project management and authority liaison

Carbon footprint assessment and net zero roadmap
Measure your carbon emissions and get a clear plan to reduce them.

Quality cycle

Sampling plan → Calibrated equipment → Chain of custody → Laboratory QA/QC → Data validation → Reporting → Client feedback ↻

Feedback from every project improves the next one.

Why ORBIQ

1. **Local and registered**
   Based in RAKEZ and registered with EPDA. Close to your site and the authority.
2. **One accountable partner**
   Studies, approvals, monitoring and renewals from one team. No handovers between suppliers.
3. **AI-assisted, expert-reviewed reports**
   AI tools keep data and formatting accurate. Our specialists check every report.
4. **Nothing expires unnoticed**
   Reminders track every permit, NOC and monitoring date well before the deadline.
5. **Digital and transparent**
   All reports and permits in one digital repository, with clear tracking at every stage.
6. **UAE and international specialist network**
   Trusted specialists and partner laboratories across the UAE and internationally, for the right expertise and consistent quality.
7. **Strong quality, fair price**
   Clear scope and fixed-price quotations agreed upfront.
